

July - August - September

Monday, 21 September 2009

No posts in 3 monts, this portion of the site is getting quite stale. In July I flew in the 2009 Canadian Nationals hosted by SOSA, in August I flew in the SOSA mudbowl and in September at the Ontario Provincials hosted by TSC. We had some good flying days this year and all the contests were a lot of fun. With the gliding season in Ontario coming to a close I am getting ready to fly at the ridge in PA and maybe some wave at Lake Placid.
